List of lecture notes and books with their abstracts

Lecture notes (a.k.a. scripts) for download and titles of books published with Gerastree Editions to be ordered from Amazon.

August 4, 2023

Contents

The last versions of the scripts I prepared for teaching at the Technical University Wien for download as pdf:

- Practical Geometry: The Mathematics for Geographic Information Systems. Draft 2006

- An Empirical Ontology for GIS: How to achieve interoperability and to integrate data from different sources, or, A computational ontology for space, time, matter and information. Draft 2005

- Machbarkeitsstudie für Geonfirmationsprodukte (Feasibility Studies for Geoinformation Products; in german) 2014

- Realisierung eines Geoinformationsproduktes (Realization of Geoinformaiton Products; in german) *technically outdated* 2014

The list of the books I published with *Gerastree Edition* with abstracts. They can be ordered from Amazon!
